**20 mq | : 1 | : 2**

Falmenta - Cannobina Valley.  
Rustico to be used as a warehouse with adjoining land. Accessible by car.

Falmenta is a small town of 167 inhabitants and is located in the heart of the Cannobina Valley. It is a typical well-preserved village with spectacular views of Mount Zeda and a rich hiking network. It is rich in traditions and history. Women still wear the traditional costume of the valley during the religious festivals held in the church of San Lorenzo in 1565. Interesting to see also the ancient Press of 1800. The inhabitants meet at the Club to taste typical dishes and a good glass of wine.
